Subject: RE: Multiples worksheet
Attachments: Blank Multiples.xls

I think that I inserted an old version of this. This one should be the updated one sorry for the mix-up!

Subject: Multiples worksheet

I worked on the multiples worksheet and I added in a truncate function. I would do this by hand and on the worksheet the first few times to make sure that you get the same answers. I tried it a few times and it was okay but just incase!
